FORGERY AND PIRACY

PARRY AND CO.

Beg to caution the public that the TRADE MARKS of many of the Firms they represent are PIRATED and by this means SPURIOUS and WORTHLESS goods are foisted on purchasers, instead of the GENUINE articles.

The SHAM labels are wonderfully well got up to fulfil their nefarious mission.

Some of them bear a forgery of manufacturer's signature, others have apocryphal signatures, one or two letters being altered in so artistic a manner as almost to defy detection. Whilst many bear NO NAME whatever, but in general appearance closely resemble the authentic labels.

We have taken LEGAL PROCEEDINGS, and trust that the heavy penalties accorded under the Trade Mark Law will put a stop to FORGERY and PIRACY.

The following particulars may prevent many from being duped by dishonest dealers as they will enable the purchaser to detect imitations, and insist on obtaining the genuine articles—

Crosse and Blackwell. Pickles

See that the well known white and gold arched top label bearing their name and address (21 Soho-Square, London) is on the bottle, and also look for the name and address on top and signature on side of capsule, without none are genuine.

JAMS and JELLIES of this famous brand also bear C and B.'s name on labels.

FRENCH CAPERS. Legitimate only when C. & B.'s name and address is found on label and capsule; avoid similar bottles which bear NO NAME on label or capsule.

Arthur Guinness Son & Co.'s Extra Stout

BEWARE of a very well executed and most dangerous imitation of the famous HARP LABEL. This even bears a FORGERY of GUINNESS' SIGNATURE as well as PIRACY of the TRADE-MARK.

PIG BRAND STOUT

None is legitimate without the signature of the proprietors (Messrs William Edmonds Jr & Co.) on capsule, their label on side and our RED and WHITE guarantee label as SOLE AGENTS on neck of Bottle.

Bull Dog, bottling of Bass & Co.'s Pale Ale

Genuine only when the bottle bears Messrs BASS & Co.'s world renowned RED TRIANGLE trade label on one side, Messrs. READ BROS.'S BULL DOG LABEL on the other and our RED and WHITE guarantee label as SOLE AGENTS on the neck.

Washington Morton and Alfred Morton & Co.'s

Celebrated WINES & FINE CHAMPAGNE BRANDIES. Every bottle of the genuine bears their name on capsule, cork and label, and our signature as SOLE AGENTS at foot of the latter.

Rimmel's Brown Windsor Soap

Each cake of the genuine has the maker's name moulded on one side and the words SOLE AGENTS PARRY & Co. Buenos Aires, on the other.

Lea and Perrins Sauce

The label on EVERY bottle of the genuine WORCESTERSHIRE SAUCE bears the signature LEA & PERRINS and OUR name amongst the list of WHOLE SALE AGENTS

Colman's Mustard, Corn Flour Blue, Starch

None of these are genuine unless they bear the BULLS HEAD Trade Mark. Inferior goods packed and labelled in a manner calculated to deceive, are freely offered in the most shameless manner. Ask for and see that you get J & J COLMAN'S genuine productions which all bear their name, Trade Mark BULL'S HEAD and our RED and WHITE guarantee label as SOLE AGENTS for this Republic.

Angostura Bitters

The market is INUNDATED with immitations, which are WORTHLESS and INJURIOUS. Every bottle of the genuine article bears on the neck our RED and WHITE guarantee label as SOLE AGENTS.

Epps's Breakfast Cocoa and Chocolate

Every packet of the legitimate article bears our RED and WHITE guarantee label as SOLE AGENTS.

Eugene Clicquot's Champagne

Each bottle of this renowned brand bears the registered trade label of the proprietor and our SIGNATURE LABEL AS SOLE AGENTS.

Old Tom Gin

Every bottle of BOORD & SON'S celebrated cordial bears their signature label and our RED and WHITE guarantee label as SOLE AGENTS.

Invalid Port

GREAT ATTENTION and care have been dedicated by Messrs BOORD & SON to this SPECIALITY, and we can confidently recommend it.

Fine Pale Sherry

Every bottle of BOORD & SON'S well know white label bears also our RED and WHITE guarantee label as SOLE AGENTS. As an agreeable light ECONOMICAL dinner wine, it is not to be excelled.

Lorne Whisky

Has an enviable reputation all over the world: every bottle of this PURE HIGHLAND WHISKY bears our RED and WHITE guarantee label as SOLE AGENTS.

Red Heart Rum

Justly celebrated for its great age, purity and other excellent qualities and specially recommended as a preventive for CHOLERA, DIARRHŒA, DYSENTERY, COLD &c. is genuine only when capsules are stamped and the corks branded HENRY WHITE & Co. and when each bottle bears our RED and WHITE guarantee label as SOLE AGENTS above the Red Heart label.

Real Hollands Pig Brand

Imported by us and guaranteed of superior quality. Each bottle bears our guarantee RED AND WHITE label.

Keiller's Lozenges, Drops and Confectionery

So justly appreciated here, bear on every tin, packet, bottle, &c our RED AND WHITE guarantee label as SOLE AGENTS.

Borwick's Baking Powder

Every packet or drum bears our SPECIAL LABEL as SOLE AGENTS.

Sublime Tuscany Olive Oil

SAMUEL RAE & CO, LEGHORN. This famous brand is guaranteed a PURE article every bottle and tin bears our RED and WHITE guarantee label.

Jellies made with the greatest facility in a few minutes possessing the whole of the nutriment without the impurities of the calvesfeet. Each genuine packet bears the signature of GEORGE NELSON and our RED AND WHITE guarantee label as SOLE AGENTS.

Bumsted's Royal British Table Salt

This refined article is obtained from natural and pure brine springs and is vastly superior to the ordinary quality. Each bottle bears our RED AND WHITE guarantee label in the CENTRE of that of the manufacturer.

Anglo Bavarian Ale

VIENNA 1873, FIRST CLASS PRIZE. GOLD MEDAL PARIS, 1878. To those accustomed to drink GERMAN ALE we strongly recommend this light and pleasant beverage.

Champagne Cider,

HENLEY & SON'S celebrated brand. Each bottle bears the RED AND WHITE guarantee label as SOLE AGENTS.

Tea.

We guarantee all our brands PURE and of the VERY BEST QUALITY, and caution the public against receiving any boxes that have been OPENED and the LEADS CUT, as we know that our empty packages are REFILLED WITH INFERIOR MIXTURES and offered for sale as genuine. Each box bears our RED AND WHITE guarantee label.

Attention.

Notwithstanding the HEAVY PENALTIES inflicted by the Trade Mark Law, individuals will persist in FORGING the signatures and IMITATING the Trade Marks of CELEBRATED AND WELL-KNOWN manufacturers NON-RESIDENT in this country, whilst they are very chary and frightened of doing so in the case of a firm living on the spot. We therefore strongly advise the public to take the goods for which we are Agents ONLY when they bear OUR LABELS.

THE EXHIBITION.

It appears now that there is some difficulty between the Exhibition Committee and the Municipality about the trees in the Plaza Victoria. Several meetings have been held, and as yet nothing has been arranged, as the Municipality is opposed to the cutting down of the trees to make room for the building. The Exhibition is attracting so much notice in foreign countries that the Ministers here, who are the representatives of those countries, have applied for much more space than was anticipated. Montevideo will require much room, as, owing to the Exhibition in Paysandu and its great success, there will be a large crowd of Montevidean exhibitors. In Rio Janeiro, in Rio Grande, Santa Catalina and Pelotas committees have been formed to forward the work and prepare a varied assortment of exhibits. The Chilian Minister has asked for the plans and rules, and has intimated to the Committee of Management that the industries of Chile will be well represented. Sr Moncayo has started for Central America with 500 copies of the plans and rules, to be distributed through the countries he visits up to Mexico; and San Salvador, Ecuador, Guatemala, Nicaragua and Paraguay have all answered favourably to the invitation sent. The French Minister, Count d'Amelot, has asked for plenty of room for French machinery, which he hopes will have as full representation as English, German and North American.

It turns out now that the Plaza 25 de Mayo is too small to afford room for all: and the committee is compelled to look for more space whereon to work the agricultural machinery. The Argentine Minister of Foreign Affairs has all his clerks hard at work sending off plans and rules to the Argentine Ministers and Consuls abroad, and answering their letters.

The following gentlemen have been named agents for foreign countries:—W. Samson and Co. for N. York; Sr Palet, for Barcelona; Sr. Werkenthein for Hamburg.

The Municipalities of Ranchos, Salto, Ramallo and Pila, and the Argentine Consuls of Colonia, Carmelo, Nuevo Palmira, Paysandu—have all asked for plans and rules, and promise the greatest support. All the newspapers in town, with the exception of the *Pampa* and *Patria Argentina*, publish the advertisements free. Messrs Samson and Co have also been named agents in Canada and Chile, and letters have sent to Sr Quatravanse, of Paris, and Professor Edison of N. York asking them for samples of their inventions. Mr. Schwartz has been named to see the German Minister and to give him every information. The Agricultural Society of Cordoba has offered its fullest co-operation. Sr Curutchet informed the Committee that he searched through all the papers of the Government Escribania, and could find nothing to justify the occupation of the Recoba Vieja.

The Committee has addressed a note to the Minister of the Interior asking him to obtain from the railways and steamboats free freight for all articles for the Exhibition. Don Erasmo Piaggio has been named agent in Genoa, and Don J. Jaccord in Switzerland. The Argentine Government, it seems, will take charge of and bring down from the provinces all articles for the Exhibition; and President Avellaneda has asked the Committee if the Exhibition will be ready on the day proposed, which has been replied to in the affirmative. The President has promised to ask Congress for a subvention on the opening of the Session. The Committee has determined to admit articles for the ornamenting of the building, such as gas chandeliers, statues, garden seats, fountains etc., and these cannot be withdrawn until the closing of the Exhibition; all such articles sold shall pay a commission of 5 per cent. The Committee will also receive from Europe paintings and all kinds of pictures. The Manager of the National Northern Railway has asked for a large covered space, ten metres by five, which will be accorded. The Municipality of Mercedes has voted $5,000 m|c. to meet expenses for collecting exhibits. Don Pablo Blot has been named chief of the building department at a salary of $2,500 m|c. per month. Parish committees in this city have been named by the Club Industrial, and it is proposed to rent the saloons of the Teatro Colon for offices. Messrs. Samson and Co. have accepted the agencies above named, and have written to Professor Edison asking for his inventions. Mr Segundo Garcia, the Juez de Paz of San Nicolas, has advised the Board that he has named the following gentlemen as a special exhibition committee: Messrs. Vaquil, Terasson, Antonetti and Montalto. The time for applying for space has been extended to the end of July, which is a necessary and proper extension.

The Committee named in Mercedes is composed of the following gentlemen: Messrs. Nicholas Lowe, Juan B. Parody, Nicolas Ragmonini, Carlos Burnell, Luis Lombou, Juan Elordi, Alexander Noguier and Manuel Fresco; and the committee named at San Pedro is composed of Messrs. Juan J. Munro, Roque Palacios and Pedro Fiorini. The various committees in this city are compossed as follows:—

Administration Committee—Hon. President, Carlos Casares. Vocales—P. Martin, P. Coni, A. Pech, A. Benoist.

Building Committee—Hon. President, Manuel Gache. Vocales—A. Maveroff, J. Dormal, M. Schwartz.

Argentine Committee—Hon. President, Julio Victorica. Vocales—Enrique Martinez, J. Daumas, Julian N. Martinez.

Foreign Committee—Hon. President, Rufino Varela. Vocales—P. Binder, J. Kyle, J. B. Ansaldi, Enrique Peña.

Internal Committee—Hon. President, Miguel Cané. Vocales—A. Capelle, F. Schwartz, A. Daul.

In giving to our readers this summary of Exhibition news we must congratulate those gentlemen who for the last twelve months have toiled so industriously to make a scheme which most people regarded as visionary a reality. The difficulty that has occurred about the trees in the Plaza Victoria appears to us to be one of easy arrangement; and with the experience which we have of the last Exhibition in Buenos Ayres at the National College, and its eminent success, we cannot doubt as to the sequel of this present enterprise. After the May feasts the building will be begun in the Plaza Victoria, plans of which are to be seen at Mr Peuser's. Machinery of the most varied description will we understand be exhibited by European manufacturers. There is probably no other country in the world that offers to-day a better market for every description of machinery than this Republic. Our rising industries need for their explotation machinery more than capital; and we think we see in the increased interest which this exhibition is creating abroad, a better appreciation by English manufacturers of this splendid country and its magnificent markets for their machines. Every effort on our part that can further this Exhibition scheme shall be employed, and we trust the Committee of Management will keep us duly advised of everything that transpires in their Council room.

The Savoie's Mails

The latest date from Europe by the above steamer is 14th February and we extract as follows from the papers to hand.

A rumour is current in London, according to the *Daily News*, that an alliance, between Great Britain, Germany and Austria will soon be signed. General Skobeleff, who achieved such distinction in the war against Turkey, is to command the Russsian expedition against Merv in the middle of April.

It is announced on reliable authority that Great Britain and Persia have signed a Treaty by which the latter Power is allowed to occupy Herat, on condition that she supports Great Britain in Afghanistan, and the latter Nation will build a railway from Teheran to a Persian port to be agreed on.

Telegrams from Australia report a dreadful hurricane in New Caledonia on the 5th of February, but the French squadron there suffered nothing.

The *Times* announces that all the Great Powers have agreed to Great Britain's proposal to name Special Commissioners to decide the Greek Frontier question. All the Powers will have an equal vote, and the decision will be considered final.

In Russia the Nihlists, on Feb. 1st, placarded in all the principal cities a new proclamation with flaming red border and emblems, signed by 'The Committee for the Emancipation of the People.' This proclamation calls on the Russian people to be firm, as the hour is at hand when they will be free men, as they (the Nihilists) have powerful allies; who are helping them to achieve freedom for their oppressed countrymen.

The Austrian papers comment in very energetic and angry terms on the agitation in Italy about 'Italia Irredenta.' The Vienna *Presse* calls it 'a disgraceful piratical raid on a neighbouring nation,' adding: This cannot be allowed to continue, and if it is not put a stop to, the Austrian people will lose patience and ask themselves if it would not suit them to begin at once the struggle which their neighbours seem determined to provoke when a favourable opportunity presents itself.'

The *Zeitung* of Berlin says that if Great Britain allows Persia to occupy Herat, Russia will answer by occupying Merv.

The Turco-Montenegro question is likely to be settled by the exchange of Gusinge and Plawa for Podgoritza and a slice of territory on the lake of Scutari.

The King of Denmark opened the Storthing on the 11th Feb. The commercial crisis continues but shows signs of abating: it is proposed to increase the tax on tobacco.

On the 12th Feb. Emperor William opened the German Parliament, and referred to the fact that almost all the clauses of the Treaty of Berlin had been carried out. Germany would, he said, always do her utmost to preserve the peace of Europe.

A Conference of all the Powers will shortly be held in Madrid to settle the Morocco and other questions in which they are mutually interested. Terrible earthquakes have occurred in Cuba; the worst shocks were felt at San Cristobal, a small town 75 miles from Havana: many houses and the church were thrown down, and several people injured.

General Grant is at Havana. King Alfonso sent a cordial reply to the General's telegraphic congratulations on Saint Ildefonso's day. Gen. Grant has abandoned his intention of visiting Nicaragua.

LATEST FROM PARIS.

(*From our own Correspondent.*)

Jules Favre is hardly settled in his grave than his life is being analysed without mercy: one writer demands, that he ought to be covered with six feet of German earth, an insult which never was heaped on Bazaine. Favre was not the equal of Bismarck, neither had to support him the military success of the Prince. Paris at one time worshipped the ground on which the celebrated orator walked; but since ten years he is dead, and Parisians only remember the departed once a year. According to Rochefort, Favre was opposed to strangers aiding France, Garibaldi included. Dead men can make no defence. The republicans, however, are going to erect a statue to the chief of the 'One Thousand' at Dijon, which will be mustard and cress for not a few. Garibaldi has telegraphed to his friends in Paris, that he has just been married to Mme. Francesca Armasino, an event expected since the dissolution of his union with the countess who played him so false. The King of Spain understands his epoch: the wife of the Spanish Ambassador at Paris is occupied with the mysteries of 'layettes' for her young queen.

Students seem to be suffering from an endemic of rebellion; Angers College had no sooner been restored to order by the military, than an outbreak occurred at Avignon school then Rennes, and now at Montpellier. Suicides are making up for lost time: the head-box-keeper at the War Office, born to the service as the Baron Grog for diplomacy, shot himself dead when called upon to produce his books; he speculated in the funds, lost his private fortune, and then borrowed f.120,000 from his official cash box. A baker invited his mother to meet him at a certain part of the Seine, as he intended to destroy himself, and wished her to recognise his body, as he objected being exposed in the Morgue: when she arrived, he shot himself and fell into the river. What is the world coming to? just think of a live Viscount, Henri de C— born in 1878, a real descendant of the Crusaders, having been abandoned in perambulator, in the court-yard of No. 7 Rue Scribe: he was supplied with a stock of linen marked with his coronet, a collection of toys, and a letter recommending him to 'the charitable.'

Diogenes when asked, when it was time to marry, replied: not in youth, for it is too soon: not in middle age, for it is useless: not in advanced years, for it is too late.' Punch's 'don't' is better. Schopenhawer's 'philosophy' as it is called, is attracting some attention in France; he is a pessimist of the blackest dye; regrets all bridals are not funeral services, and asserts that the whole duty of man in life is to get out of it as quickly as possible—marriage, he observes, is a trap laid by nature to catch men; the

bait being women, all united for the capture. He is not at all gallant; his contempt of the fair sex knows no bounds. The French do not perhaps disagree with the following: 'In anticipation of my death, I make this confession, that I despise the German nation in consequence of its stupidity, and that I blush to belong to it.'

The late Duc de Gramont was for years the most popular of ambassadors at Vienna; one summer's evening he was strolling along the Prater, when he met the Turkish envoy, took his arm, and soon both were attracted by the merry music of Offenbach: they entered the Wirthshaws, the quadrille continued: 'it reminds me of Mabille,' said the Turk, 'and me also' said the Duc, and before two minutes, they were whirling their partners in a 'cancan.' The Prefect of the Rhone entered a church at Lyons, but the building feeling cold, he kept on his hat: the beadle approached, invited him to remove it, assuring him the building was heated; 'It's all very well for you that can wear your cocked hat,' replied the Prefect: 'It is at your service,' responded the beadle, taking off his hat and presenting it for acceptation.

Wine merchants now give as a premium to purchasers, a year's free subscription to a newspaper.

The glacier at Samur, extending ten miles along the river, having failed to be changed by mechanics and dynamite, the cure intends to try the effect of prayer.

A literary society which dines once a month has a rule, that every guest must relate an original story, unless provided with a medical certificate that he is afflicted with stammering.

Uncle to nephew at theatre: 'take care, for if you fell into that seat, you might break your neck, and they would charge me three francs more.'

The Duchess de M— is not only a lady of quality, but weighing 16 stones of 'quantity' also.

Judge severely to prisoner: 'On what do you live? 'on this mon juge' replied the prisoner producing from his pocket a morsel of cheese.

Valet to a lady visitor: 'what name, Madame, may I have the *pleasure* to announce?'

MONTEVIDEO.

(Our Special Correspondent.)

Montevideo, March 8, 1880.

The week has transpired without any very notable event. Socially and politically, things continue as dull as possible; and commercially, no amendment has been noticed. The Custom House, as a barometer of the activity of business life, has only given us another proof of the dullness of the times, by producing only 260,000 dollars gold, which is a drawback on the whole system of administration, as the Government expenditure and salaries are not regularly paid, and this throws us into fresh difficulties. The intended invasion has not been carried out, owing, no doubt, to the stringent measures taken by the Government and by the neighbouring States in conjunction. The Entre Rios and Corrientes Governments have, to all appearances, acted loyally this time in preventing the Uruguayan emigrants residing in their respective States from making the intended inroad, which was evidently going to take place. The Brazilian authorities also appear to act on the same principle, and if they all act up to this mark an invasion will be a very difficult matter for the 'montoneros,' and, if intended, at all hazards it is pretty sure to cost them dear. Now, Sir, with regard to the merits of the case, let me assure you that, for all the opposition that the Conservative party makes to the existing policy, for all the odium thrown on the Government for real or supposed outrages, neither the Conservatives nor the different political fractions of men of principles that hotly oppose the actual state of things as unconstitutional have anything to do, or partake in any way, in the intended inroad, at least so far as I can pledge. It would, consequently, appear that it is only intended by the men that were thrown out of office by the actual leader of the Government, and if so the danger is much diminished. The Whites in the different fractions of that old party are generally known, and are decidedly opposed to the 'monteneras' or the revolutions that may tend to destroy the prosperity of the interior country districts, or the 'campaña,' as it is called, and staunchly condemn the intended inroad, and will not lend a hand to such means of riddance, at all events. The Reds partly compose the Government, and partly join in the idea of the inroad; but the Government seems to be well guaranteed by its bayonets as far as this fraction of the said old party goes, and things look pretty safe at present, provided always that our neighbours behave in the way pointed out. Yet the very strong opposition made by the Conservatives through the Press is getting to be dangerous, as it is getting general, and, I fear, participated in by the foreign element of the population. Very bitter leading articles in mostly all the different journals, native and foreign interests represented, are of daily occurrence, and this will eventually lead to some trouble. Especially two of the leading native journals of opposition contain very bitter leaders against the Government, censuring every Government act as unconstitutional, and every legislative proceeding as a downright absurdity; every police regulation, act or proceeding as an attack on the rights of the citizen. In fact, it is getting too hot to last long, and either the Government will have to give way in certain very doubtful proceedings or will come to strong suppressive measures. So, at least, is my opinion.

The Control Board is continuing to give matter for censure, and I really think that much good might be done by suppressing the nuisance. We have just had a day's good rain, and it lasted a good part of last night, doing much good to the country, where, in some parts, the drought was already being felt as a disadvantage to the cattle-farmer. Produce keeps up everywhere, and our farming interests in general cannot complain of the year's results. We are very likely to have another good year for sheep. Agricultural interests are doing remarkably well; wheat keeps up at $5 for the good qualities per fanega, and maize is going to give a good harvest this season.

Some few troops more have been marched up the rivers, and the Pope's nuncio has been received with due ceremonies.

This is about all I have to say for to-day.

EDITOR'S TABLE.

President Avellaneda and Governor Tejedor held another long Conference yesterday. The Governor, when President Avellaneda sent Mr Civit to him on Wednesday, expressed his willingness to wait on the President at any time or place, but the President went yesterday morning at 11 o'clock to the Governor's private house and had a long talk with him. It is rumoured that most important political arrangements were agreed to.

The Transandine wires announce the Chilians at Moquegua, and that the Peruvians have evacuated Arica and retired on Tacna. A battle is expected. It is said the Chilians have captured Camarones and taken the Governor prisoner.

The French steamer Savoie has brought dates from Europe to Valentine's Day. The news is of great political importance. Great Britain, Germany and Austria are about to form an alliance, and the former Power has already signed one with Persia, which will check-mate Russia in Central Asia. The public feeling in Austria is rising against Italy on account of the 'Italia Irredenta' agitation, and the Vienna papers openly threaten Italy with war, if it is not put a stop to. The Nihilists have issued a proclamation to the Russian people telling them that the hour of their deliverance is at hand! This means another attempt on the poor Czar, or perhaps a general revolution.

The West Coast newspapers to hand are, as usual, quite devoid of interest. The Chilians are settling down at Tarapaca, as if they fully intended to remain there, issuing regulations about the nitrate deposits etc. ets. Peru appears to be busily occupied in doing nothing particular, and the Lima papers in vain urge a little more activity.

We have the Panama *Star* of 5th February. There is nothing fresh about M. de Lessep or his Canal, and the only news is of a short wheat crop in Nicaragua and yellow fever having broken out in the capital of Venezuela.

We are happy to announce that we have found Mrs. Devoy (neé Barbara Ritchie), who has come in for a fortune in Scotland. She is living in Montevideo, and the party who received the good news for her from home is requested to communicate with her at once, to the care of Messrs. Yarrow, Hett and Co., 35 Calle Solis, Montevideo. We have forwarded the news of Mrs. Devoy being found to the gentleman who advertized for her. We know no particulars beyond the fact that some money has been left to her family, to a share of which she is entitled.

We have been requested by one of our most highly esteemed camp subscribers to recommend travellers who may visit Lobos to try the 'Restaurant del Jardin' in that town, a really excellent establishment where the best of everything in the breakfast, dinner and supper line, combined with courtesy and good attendance, is to be had at very moderate prices.

All the Whigs and Tories in town were yesterday in a state of violent fermentation at the news by Havas wire that Parliament will be dissolved at Easter and the general election take place in May. Most of our Tory subscribers take such a keen interest in the approaching struggle that we half suspect some of them intend to go home and enter the race for Parliamentary honours. Since the death of 'the member for Buenos Aires,' the late Lord Marjoribanks, this country has had no representative in the British Parliament, and it is time to fill up the vacancy.

The President of the Irish Relief Fund begs us to thank Mr. Croker and Mr. Young for the long lists and 'lot of specie' he received from them yesterday: the lists will be published in our next, when the gold is sold. The Fund has now reached $400,000 m|c, and there is every prospect of the round half-million being collected, with the valuable assistance of Mr. Martin's dramatic performance on St. Patrick's Day. We hear wonderful accounts of the dresses, scenery and decorations of the burlesque, which will be quite a unique spectacle. Whoever wants to secure boxes and seats had better look sharp, as the movement at Messrs. Mackern's on this head reminds us of the squeeze at the Bank of England on Consols dividend days.

The report that the Italian emigrant steamer the Umberto has been burned at sea is believed to be a malicious invention, the agents having received no news whatever of such a catastrophe. The 'canard' took wing at Montevideo.

Our prediction some time ago that it will soon be possible to go from the River Plate to Europe in 15 days may be realised sooner than we expected. The Inman line is now building for the New York trade a steel steamer, to be called the City of Rome, which will be the largest vessel afloat, except the Great Eastern. Her length will be 590 feet, and her speed 18¼ knots per hour, with accommodation for 1000 steerage and 300 first-class passengers. Old England is evidently determined to remain Mistress of the Seas in every sense. The next steamer to be built will probably be an even 20-knots an hour goer, and this speed will do our business to a T.

Particulars of the murder of Signor Mistorni at Chacabuco have been received. Two bad characters named Pereyra, brothers, who lived 14 squares from his estancia, are the criminals. Poor Mistorni had frequently to put their horses in pound for straying on his property, and they frequently sto'e his cows. While the victim was riding home past their house at 5 o'clock p.m. they and a woman, the concubine of one of them, rushed on him, stabbed him in *ten* different places, and then cut his throat. The Chacabuco police have so greatly improved in the hands of the energetic Juez de Paz, Dr. Constanzo, that they pounced on the criminals (who had fled) and lodged them in jail the day after the murder.

The coming Buenos Ayres Exhibition is now becoming a favourite topic in all circles, and there is a general desire to see the works of the building commenced at once. We perceive that the 'Central' and 'Boca and Barracas' Tramways have generously offered to put advertizements about the Fair in their cars gratis. Of course all the other tramways will follow this patriotic lead.

A gentleman named Fortunato Cichero was relieved of his gold watch on Sunday last in Calle Florida, while gaping at the Irigoyen demonstration. Mr. Fortunato was not very fortunate on this melancholy occasion, which will doubtless form an epoch in his life.

It is curious to think on what solemn trifles many of our social peculiarities depend. The new window of Sommer's hat shop, Calle Rivadavia, has attracted far more attention in the city than the last decision of the Supreme Court in favor of the Buenos Ayres Gas Company. With this change in the outward appearance of this renowned hat shop, may we not look for a change in the style of our hats? The window is filled to its utmost, not with hats, but Balbriggan stockings of the most varied workmanship; above the stockings are ranged Irish linen drawers, another anomaly, since the Belfast gentlemen never wear drawers, whilst Parisian shirts are ranged around with such modest care that a peep into this window for Mr. Forrester's pretty Florida girls must serve for what the lawyers call a 'refresher' about marriage and wedlock. How many a girl will turn from Sommer's new window sighing that those fond hopes should ever forsake her. Even editors going home from work look into that window and the open door to see Mr. Sommers flying about enveloped in customers and hear the shopmen roar; and, whilst this beautiful window attracts the gaze of all the town, and some charming 'Serifa' lingers on the 'vereda,' the roof of one of the oldest English houses in this city in front is being torn off, and lime, beams and bricks are huddled into the front patio. Verily, such is city life. We ask our fair readers to lay down their golden cushions and to come and see this Parisian window it may school many of their heart's affections and teach some of us to forget. We blame Mr. Sommer for being so masculine in his taste—the whole world is not made up of white hats and gentlemen's drawers. Some neat appointment, some frail memorial, even with uncouth hand, might be placed in that window to claim from bachelors the passing tribute of a sigh. Hats off, gentlemen, as you pass Sommer's new window.

The Rev. James Smith will preach on Monday next, at 11 o'clock, at the Livingstone Estancia, partido of Lobos.

In spite of slightly more favourable accounts as to the condition of Paraguay which have been received lately, it is as plain as a pikestaff or a shockingly bad hat that that unfortunate country is going on a bee line to the dogs. The *Reforma* of Asuncion announces that in the first two months of this year only *one* marriage was celebrated in that city!! and the results of this state of things are already becoming painfully apparent in what passes for 'society' up there. We should be surprised if they were not.

There was a very large and select assemblage at the distribution of prizes on Tuesday to the pupils of that excellent academy the Colegio Britanico, which is so ably directed by Mr Richard E. Lett. Masters N. J. Murphy, L. Rodriguez, J. Montes, M. Ambrosetti and several others particularly distinguished themselves in the declamation way.

Associated Press Telelegram

HAVAS' AGENCY

London, 10th.

Telegrams from New York announce that President Hayes, in a Message to Congress, shows the advantages of the Inter-oceanic Canal at Panama (Lesseps project) and proclaims the necessity of its construction as well as the 'esplotacion' and that said Canal shall be under the exclusive control of the American Government.

The same telegram states that on this occasion the same as on former ones, Mr. Lesseps manifested his complete conformity with the opinion contained in the Presidential Message.

Paris, 10th.

In the voting of Article VII of Jules Ferry's project on Superior Education the Senate had 129 votes in favor of said Article and 149 against it.

Before the voting of the Senate, but in view of it. M. Freycinet, Chief of the Cabinet, declared in the Chamber of Deputies (in answer to an interpellation of a member of the Left) that the Government more than ever is convinced of the necessity of opposing the increase of clerical influence, and if the Senate refuses the measures to stop these influences, the Cabinet will use a vigorous application of former laws, which not only allows it to exclude from education the unauthorized congregations, but even to deny them the right of existence.

There was a very large business done in gold to-day, and the sales ran over a million. The market ruled weak throughout, notwithstanding that the present holders of gold bought freely to maintain prices. Politics were uppermost throughout the day, and politics of an improved tone. The arrangement so much spoken of yesterday was freely confirmed to-day, and the political brokers who believe in the settlement, are selling out their gold, as they consider the quiet settlement of this presidential question means a rapid improvement in everything in the country.

The produce news from Europe and the U. States, as will be seen by the telegrams, continue favorable. The New York message giving wool at 40 cents, is perhaps the most favorable news that came from the States to this country for many years.

Exchange rules weakish, but the opinion amongst merchants and exchange brokers is that it will hold between 49½-¾ and 5.24-26, throughout the month. We heard of bills passed to-day at 49⅝ and 5.25 Antwerp.

Gold opened at 30.25, dropped to 30.20, and closed 30.25. For Saturday heavy sales for account of exporters at 30.25. For end of month prices closed 5 cents higher than opened. For the end of April prices also held very firm.

Cedulas look upwards and rule at 84½ buyers. In National Bonds one sale of 5,000 at 80, but there are buyers at 81. Treasury bills have advanced to 78 and rule hard.

The great news on 'Change was the appointment of Mr Chas. Diehl, late German Consul of Montevideo, to the very important post of Deputy Manager of the National Bank. This appointment meets with the fullest market approval and points to a new departure by the board of Directors. It would have been hardly possible to have named a more competent man than Mr Diehl to this post, and as he has a thorough knowledge of the market we may look to the National Bank henceforward extending its business from the mere draft transactions with the provinces to a very wide banking business in this market, and we believe exchange operations with Europe.

In produce the following sales spoken of on 'Change—
2oo pipes tallow at 13 rls
18oo Correntino hides 47 rls.

Respecting the great sale of cattle at the Ronan estancia Canada Rica, by Messrs Baltar and Quesada, we learn we were misinformed in stating that they were mestiza Tarquinas, the rodeo was pure criolla but with an English bull.

The fresh mails from Europe per Savoie will be found in another column, the advices are important.

There was a cheer on 'Change when Don Gabriel O'Campo, the great Government land auctioneer, entered. His auction sale to-day was, perhaps, the most brilliant ever held since the days of Garay, and we call special attention to this sale, since it shows, after all, the real bona fide class of property that good estancia land is. Four square leagues of Government land in the Partido Bolivar, somewhere to the South-West of Tapalquen, valued, according to law, at $6o,ooo per league, was sold to-day at public auction for 1,236,000 m|c, being nearly one million m|c. over the Government valuation. Another lot of four square leagues at the Tres Arroyos was then put up, also valued at 6o,ooo m|c per league, and sold as follows:—Two square leagues at 326,000 m|c per league, and two square leagues at 28o,ooo m|c per league, thus giving ONE MILLION NINE HUNDRED AND SIXTY EIGHT THOUSAND DOLLARS over and above the Government valuation—a thing unprecedented in the annals of public land sales, and which goes to prove the justice of the *Prensa*'s remarks about the previous sales of Government land. The buyers were Don Pedro Frias for the first lot, Mr C Lopez for the second, and E Martinez for the third. At the auction mart 180 estanciero bidders attended, and when Mr Gabriel Ocampo entered the Government House the people in the land office embraced him.

The sale of a cargo of pitch pine in Montevideo at 40 patacons is reported; deliverable in the Boca.

The Dago is due here on 18th, and will load for Havre or Antwerp. The Memling arrived down and sailed to-day, taking 8oo bales, 7ooo salted hides, 2ooo dry hides, 4oo packages mineral and 1oo,ooo pats in silver. The Maskelyne cleared crowded with passengers; Professor Kyle and family, Mr Kincaid, Mr W Thompson and family, Mr Stephens.

The Rural Society has postponed the inauguration of its Exhibition to the 18th April next. Friends in the camp may be interested in this news, as many, we understand, are preparing to send in animals to this great agricultural show.

Mr Tornquist and Mr Dennecke were warmly welcomed on Change on their arrival from Montevideo; they bathed at Pocitos and admit that the bathing there rivals Kingstown or Bray-head. Mr Eckhoff leaves Montevideo to-day in the Hapsburg for Europe. On the Montevidean Bolsa yesterday, at high exchange hour, only 11 persons present of whom five were from Buenos Aires.

The Government broker bought 1oo,ooo pats gold to-day to pay for exchange and 94,ooo pats have been bought for Western Railway, but they say on 'Change that there is fully 1½ million pats gold floating in the Bolsa, and the merchants are standing back further and further from buying it; the pressure is of course greater than many can bear.

Exchange this afternoon ruled as following—
On London 49⅝
On Antwerp 5.24
On Paris 5.23

Nothing so far done at these rates.

The sale of 2ooo classified hides at 62 reported.

It is really worthy of note that whilst the Nat. Bonds a six per cent stock is now selling at 81, buyers at 81½. Nat. Stock the same security paying 9 per cent, is selling at 77¾.

In the marine butcher department some difficulty is reported, various parties taken up and some few taken down; the matter was spoken of on 'Change.

Tallow—
1oo bord. on shore 12½.

At afterhours the following sales:—

The opening of the Western Railway to S Antonio de Areco is fixed, we hear, for the 15th April, and this will bring us within a day's ride of many of the richest of our sheep-farming friends; beyond all question this new branch will bring a greatly increased traffic to this well managed road, and we note that the Directors have at last taken steps about new deposits. As we mentioned a fortnight ago, two new deposits will be built this winter, one in front of the passenger station at the Once and the other alongside the wheat deposit. It is easy to imagine that at next shearing time even with these new deposits the place will be again overcrowded, and the present effort of the board is at best but a makeshift.

The works of the Ayacucho Railway are proceeding with a rapidity that astonishes the people in the camp; already the locomotive runs 9 leagues, and the whole of the earth-works of the entire branch are all but finished. We have had no railway works ever carried out in this country so fast or with greater efficiency, and we strongly recommend Dr. Plaza, Minister of Hacienda, and Dr. Zorrilla, Minister of Interior, to interview Messrs Hume & Co. about the continuance of the Tucuman Railway.

Advices from Paraguay are favorable; the Asuncion Custom House gave for first fortnight of Feb, $fts24,5oo; a Sr Mendiondo has established a manufactory of cocoa. Two Brazilian iron clads were expected up, but are aground in the river.

The R.M.S. Tamar left Montevideo crowded with passengers; all the bull fighters went back to Spain in her, and the following leading merchants left also in her: Mr Le Bas, Mr William Meickle and Mr J K Theobald. We wish them all a pleasant trip and hope to see them soon return.

The Montevidean steamers have changed their hour of sailing from ½ past 6 to 6 o'clock. we wonder when the Montevidean steamers will run to Ensenada.

Ten thousand arrobas of wool sold yesterday in Montevideo, as usual on reserved terms.

A cargo of jerked beef at Concordia sold for 48½ rls., Messrs Ochoa & Co. buyers; and the Spanish lugger Joven Ana chartered to load same.

The Pampa took at Montevideo for Havre 3,000 salted hides at 40 frcs., 4oo dry hides at 60 frcs. and 10 o/o. The Europa took from there 4,164 dry hides, 112 bales sheepskins, 93 bales wool, 531 bags wheat, and 1 tercio of yerba.

There is a vacancy in the Comisariat of the War Department, a most important post, and we believe Col. Pico will be named to the post of Comisario General.

The junction of the Tucuman and Central Railways tracks in Cordoba has been at last concluded; a most necessary work and of great convenience to the travelling public.

Advices received from Rosario this morning give the following:—
"Arrivals—
"Am. brig H H Wright
"Steamer Memling
"Am. lugger to load
"English barque Lancastria 362 tons coal.
"Despatched—

To Buenos Aires—

1546oo kilos wheat
192ooo do potatoes
To Santa Fe—

"Upwards of a 1ooo bags of flour received from Mendoza, and 15oo bags wheat from Cordoba.

"Timely rains in the province of Cordova have saved the maize crop."

Our special Boca reporter gives the following latest news:—

March 10th 1880

"Vessels passing out—

"Canadian schooner Onward, bales for New York.

"Norwegian brig Framatyr, artificial guano etc.

"French brig Edouard, empty.

"German barque Marie Spatz, empty.

"Nat. schooner Adolfo, coast-wise.

"No new arrivals. I am afraid the poor Boca is going down the hill, and that quickly, owing to the great falling off of foreign arrivals. The exorbitant dues are doing the mischief. Owing to the very bad weather on Sunday evening the representation of Hamlet which was to have been given in the Alegria, by our Dramatic Society 'Dante Alighieri,' had to be suspended till next Sunday. According to what I have already seen at rehearsals, the performance ought to be 'au fait.' In looking over the list of prizes at the last Fruit and Flower Show, I was surprised to see that Professionals were ranked with Amateurs, and that the prizes were given for quantity and not quality. If I might give my humble suggestion, I should coincide, that Professionals ought to be ranked apart from Amateurs, and that the Judges ought to look to quality before quantity. One or two gentlemen I notice, who had some beautiful specimens of pears at the Show, were never even mentioned; whereas others who had large quantities, but of much inferior quality, took first prizes.

"Very low tide to-day."

From Montevideo we have the following:—

The auction was a failure. Only one Durham cow sold for $135 gold, and a young Durham bull, 18 months old, at $165 gold. The rams are only a few months old (Rambouillet) and one sold at $50, which is thought to be dear as they are not liked.
